Finance Minister Ronvier Persuades Chamber of Departies to Vote a Tax on the Product.

Paris, Feb. 28.—The proposition of Finance Minister Pouvier to tax mineral off I frame S centimes per hundred kilns aroused a lively opposition in the Chamber of Deputies to-day, on the ground that it would benefit the Standard Oil Company.

M. Reuvier insisted that the French refiners had an advantage over the Americans of 2 france So centimes, and that they had an advantage over the Russian refiners of 1 frame 89 centimes. He added that he wanted the French refiners to share this benefit with the Government.

M. Feron, Radical Socialist, declared the missure would clearly depress the French industry and increase the advantage of the Americans, to which M. Rouvier replied that the French refiners ought not to attempt to force the hand of the Government. They should understand that, if by their unwisspolley, they permitted the famous American syndicate to gain control of the market, the Government would be compelled to present for ther measures for dealing with thindustry.

In speaking of the ordinance yesterday a member of the Civic Improvement League said: "While undoubtedly it is the duty of every clitzen to interest himself in the matter as an individual, I do not think that organizations should take up the question at this time.

"The police are the proper agents and until they prove themselves inadequate. I think that action by an organization would be premature. We should at least wait until the latter part of the week, and, then, if no abatement in the nuisance is noticed, take some decided action." the offense will be arrested. Conductors will not be authorized to eject any one from the car, but will be strictly enjoined to summon a policeman and cause the arrest of the offender.

Chief Kiely will lay particular stress upon this matter in his letter of explanation. The patrolman will be instructed to respond in stantly to a summons by a conductor, and upon the latter's request arrest the passenger indicated.

Patrolmen detailed for duty in the business district will be ordered to see that the provision of the law referring to spitting on sidewalks is not violated. Particular attention will be paid to this clause in the ingruculous from headquarters.
